

Plans Solve Space Problem

REGISTRAR'S OFFICE KEEPS CHECK

Automatic Glass Cutting Taboo Here

Contrary to a somewhat popular belief, there are no automatic cuts in classes here. Registrar Edwin Fowler says every student is expected to meet class each time unless he has a legitimate reason.

"One of the things a student must learn in college is to assume responsibility," Fowler said. "Not being absent from class is one of these responsibilities.

"When the student doesn't attend class," Fowler continued, "he never again has the opportunity to receive classroom instruction on material covered that day."

After a student is absent from class three times, the registrar's office sends a notice either to the class or to the home. Upon receiving the notice, the student must report to the registrar's office before attending classes.

"Each absence will be judged individually. If it is a legitimate absence—personal illness or cir-

cumstances judged by the registrar to be beyond the student's control—all will be done to help the student make up the work he has missed," Fowler said.

With five unexcused absences the student is automatically dropped from the course. The faculty feels that with this many absences the student is not interested.

If a student is absent just one time with a legitimate reason, he simply confers with his instructor.

President's Welcome

Welcome—Students from Texas and from many other states—as well as some foreign countries—who make up the splendid student body of Tyler Junior College for 1960-61. We are glad to welcome all to Apacheland.

Reports come to me continually that this college year is beginning even better than usual. I hope this spirit will be maintained throughout the year.

Best Wishes,
H. E. Jenkins

Enrollment Totals 1949

Fall enrollment has exceeded expectation — and facilities. But according to Dean E. M. Potter, early summer planning has sufficiently solved the space problem of handling the beyond-the-capacity crowd this year.

Total enrollment as released by Registrar Eddie Fowler is 1949. An even 1700 are enrolled in the TJC day and evening colleges with 249 in Tyler District College. Of the 1700, 438 are listed as evening students.

Dean Potter said steps were taken early in the year to lessen the problem of "handling an enrollment beyond our capacity." Consequently, he said no students were turned away.

Crowded conditions are not confined to the strictly academic course. Forest Griffin, director of technical education, says his department is filled, especially drafting. Griffin has set up a new 25-table lab in drafting.

Evening college echoes the same filled-to-capacity problem, says dean of the evening college, I. L. Friedman.

Most students who tried to enroll on time were accepted, he said. An exception was Art 113 where a few had to be turned away. Some courses like accounting and speech added sections after classes began, Friedman said.

In day college, scheduling earlier and later classes and making additional classroom space helped, Dean Potter said.

More 8 a'clock and afternoon classes were scheduled, creating additional sections in several of the basic courses. These sections are primarily for Tyler students, leaving the mid-morning classes

for bus students and others who come some distance. Some students travel as far as 65 miles one way, daily.

Extra classroom space was provided by using the visual aids room for classes. Room 114 was divided into two rooms.

Dean Potter said every course requiring a lab is filled to capacity. This in turn created the problem of extra labs. As an example, he cited biology alone which has 10 labs.

Some of the fuller lecture courses are biology with 70 to 160 in each class, geology with 180, and Psychology 111 with 90 to 105 per class.

Those classes not pure lecture are being held down to around 30 per class, he said. But smaller classes mean many more sections. The last count of freshman English was 26 sections.

TJC Pow Wow Free To Students, Faculty

The college paper, the TJC Pow Wow, is free to all students and faculty. It is published every other Wednesday (except exams or holidays.)

Copies of the paper can be picked up at the library. If the library is out of papers, copies can be picked up at the journalism lab 118.

The next issue of the TJC Pow Wow is Oct. 12.

RECOGNITION OF FOUR CLASSES

Homecoming To Be Oct. 29

Homecoming will be scheduled around the second conference game with Texarkana, Oct. 29. All exes, any students who have attended TJC, are invited.

Officers of the Ex-Student's Association outlining the day's events are Sue Wiley, president; Ray Lewis, vice-president; and the Reverend Leo Rudd, executive secretary.

Activities begin at 10 a.m. with registration in the Student Center (Teepee). Registration continues until 3 p.m. when the homecoming parade will begin lining up. Group meetings follow the parade and are scheduled for 4 p.m. The homecoming supper begins at 5 p.m.

All activities were moved up an hour this year because the game begins a 7:30 p.m. Following the game a fifth quarter is scheduled in the Teepee.

The registration committee is composed of faculty and ex-faculty, president of the student body and ex-presidents.

Faculty and ex-faculty are J. C. Henderson, Miss Mildred Howell, Dr. Wiley Jenkins, Mrs. Sammie Smyrl, Mrs. Margaret Anders, Herman Crow, Mrs. Mary Wallace, Herb Richardson, Mrs. Mil-

dred Stringer, Dean E. M. Potter, Mrs. Mabel Williams, Mrs. S. T. Jones, and Ike Sanders.

The student registration committee is headed by President of the Student Body Cliff Caskey and includes exes Wallace Barbee, Carlton Godfrey, Jack Pol- (See HOMECOMING, Page 3)

Baptist Church Presents Bibles

College Heights Baptist Church presented every new dormitory student with a King James version of the Bible.

The Rev. Robert C. Jones, pastor, distributed the Bibles at the Women's Residence Hall, Men's Residence Hall, Athletic Dormitory, and the Nurses Residence.

Approximately 170 of the blue-back Bibles were distributed. The church gave out about 200 last year. Fewer were needed this year because many of the students are back from last year.

Each Bible is personalized with the name of the student and that of College Heights Baptist Church. The pastor or members of the church presented the Bibles individually to each student. The process took several days.

Yearbook Pictures Free Today, Friday

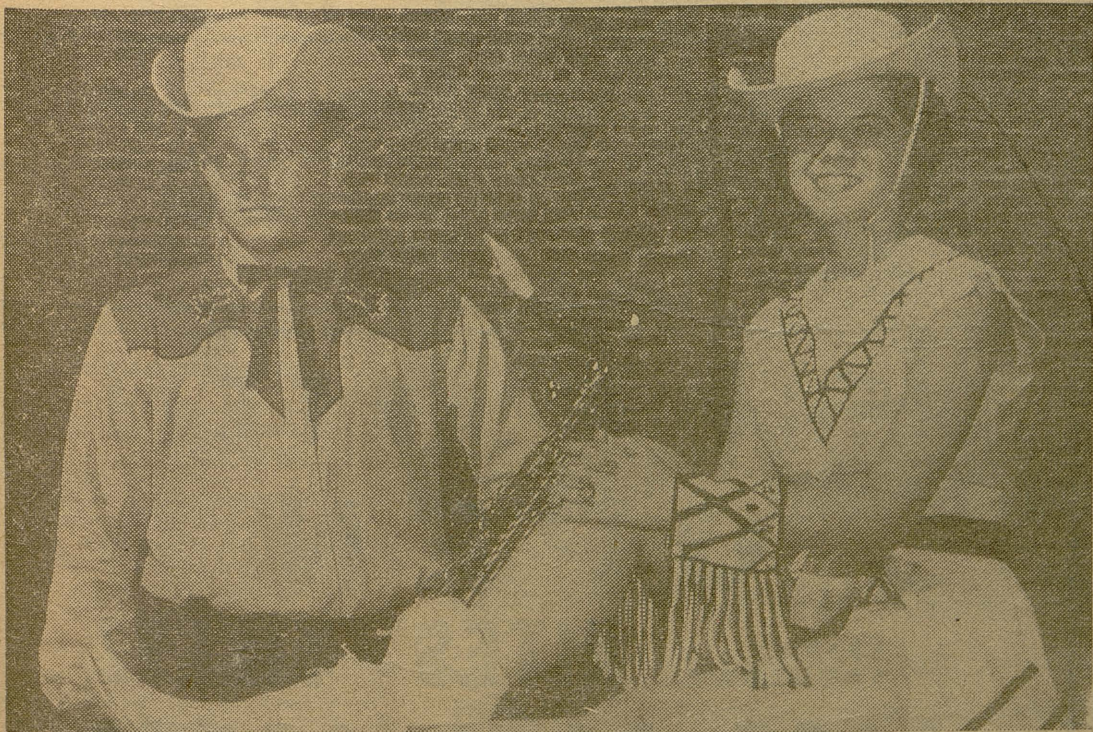

Free individual class pictures for the yearbook are being made today and Friday.

Co-editor Miss Callie Nichols urges all freshmen and sophomores to have their pictures made now.

"As of now these are the only dates set for free individual class pictures," Miss Nichols said. "The yearbook pays for them today and Friday."

"It is a requirement of the college," she continued, "that the pictures be made. Those making them late will be required to pay for them."

Roland Crawford, photographer has his equipment set up in room 111 from 9 a.m. to 3 p.m. today and from 11 a.m. to 3 p.m. Friday.

BACK AGAIN—Fall is here and so are the Band and Belles. Miss Mollye Davis of Throckmorton and Ronny McNair of Waco pause for a breather during dress rehearsal. Their busy season has included perform-

ances at Wichita Falls, Dallas, and Houston. Their schedule ahead calls for one or more performances every weekend until Christmas.

11 New Instructors Join Day College

Eleven new instructors are on the days college roster, bringing the total of day instructors to 78.

They are: William Richardson and Edward Simmen, English; James Linn and Miss Sylvia Calyton, business; Jim Lewis, government and business; Miss Sarah Willis, Spanish; Mrs. Bill Lusk, English and Spanish; Miss Mildred Howell, French; Mrs. Pat Tiller, Surgical Nursing; Miss Sue Human, Nursing Arts; and the Reverend Herbert Rohloff, Methodist Bible Chair.

Increased interest in foreign language called for two extra instructors in foreign language. Miss Willis, who also teaches in evening college, received her BA degree from East Texas State College. Mrs. Lusk, who taught in the Tyler public school system, attended SMU and holds a BA degree from the University of Texas. Miss Howell, a charter teacher of TJC, holds a BA, BS, and MA from the University of Missouri. She did graduate study in France.

In the English department Simmen replaces Floyd Stoddard, now teaching at Louisiana State University. Simmen graduated from the University of Texas with a BA and MA in English. While in college he was enrolled in ROTC and is now commissioned as a Naval lieutenant.

Replacing Daniel McCaleb is Richardson. Richardson holds a BA degree from Southeastern

Missouri State College and a MA in English from Texas Christian University.

The three instructors replacing Mrs. Neva Smith and Mrs. Eileen De Day in the business department are Linn and Lewis, and Miss Clayton.

Linn took a BBA and a MA in business education from North Texas State College.

Miss Clayton, who taught as a graduate assistant, holds a BA and MA in business education from Mississippi Southern University in Hattiesburg, Miss.

Lewis holds a BS from North Texas State College and did graduate work there in government, economics, and business administration.

Rohloff replaces Art Pry as the Wesley Foundation director. Rohloff received his bachelor of divinity degree from Southern Methodist University.

Mrs. Tiller and Miss Human joined the teaching staff of Texas Eastern School of Nursing.

Mrs. Tiller is a graduate of Baylor School of Nursing, and holds a BS degree in Surgical Nursing. She replaces Mrs. Beth Banks who has been promoted to educational director.

Miss Human replaces Miss Sandra Lane. Miss Human is a graduate of TESN and Vanderbilt School of Nursing in Nashville, Tenn. She worked with the public health department in Chattanooga, Tenn.

90 Students Enroll In Nursing School

Opening of the fall semester finds Texas Eastern School of Nursing with 90 students enrolled. Thirty-five are beginning nursing students.

Director of TESN, Mrs. Agnes Roy, said "these 90 students come from everywhere to attend the school."

According to Miss Roy, the nursing students entering TESN are classified as "preclinical" until the end of the spring semester when they become classified as freshmen and go through a capping ceremony.

After the capping services in May, they wear plain caps for three months and then in September get two vertical stripes for the rank of junior.

One year later they become seniors and wear one horizontal stripe. After becoming seniors,

they have one full year to complete before graduation. After graduation they take the state board examination for registered nurses.

Tyler leads in representation of new students by having a total of 9. Nineteen other towns are represented:

Tyler: Mrs. Jesse Alexander, Miss Janina Bates, Jerry Hanna, Miss Kay Horsley, Mrs. Carol Kirkpatrick, Miss Barbara Sjer-ven, Miss Ragna Sullivan, Joe Clark, and Joe Domm.

Miss Elva Lou Allen, Kilgore; Miss Melba Bain, Bullard; Miss Bobby Joyce Baker, Mineola; Miss Mary Brooks, Arp; Miss Nancy Buford, Joinerville; Miss Elizabeth Ann Ellzey, Henderson; Miss Anna Lee Gibson, Winona; Miss Scherie Ann Grubbs, Jefferson; Miss Marquetta Ann Harrison, Sulphur Springs; Miss Joyce Havard, Lufkin;

Miss Carolyn Jeter, Alto; Miss Mary Kittrell, Greggton; Miss Patricia Knight, Carthage; Miss Jerry Anne Koenig, Cross Plains; Miss Dorothea Lovett, Carthage; Miss Sandra May, Big Sandy; Miss Cora Marie Moore, Grand Saline; Miss Suzanne Neaville, Shamrock; Miss Patricia Pyle, Carthage; Miss Rosemary Redfern, Marshall;

Also Miss Glenda Rogers, Athens; Miss Betty Scarborough, Palestine; Miss Era Jo Sparkman, Kilgore; Miss Elizabeth Thompson, Lone Star; Miss Geraldine Yount, Carthage, and Miss Betty Anderson, Paris.

Rings Available At Book Store

College rings are available to freshmen and sophomores. They may be purchased at the book store.

Two weights are available for men and one for girls. The men's rings are built along a masculine line and the girl's rings have a distinct feminine touch. Both have ruby settings.

On one side or shank of the ring is the college seal of TJC and on the other is the emblem of all state supported schools.

"They are not limited to sophomores because business students and other students are on a one-year program," said Mrs. Ward, manager of the book store.

She said orders could go out at any time. "They do not have to be ordered in groups such as caps or gowns," she said.

Payment for the rings must be for the full amount in advance. It takes about four to six weeks for the rings to arrive.

According to Mrs. Ward, some students who plan to graduate from a four-year college have already ordered rings.

Actress Gets Warm Welcome

Miss Martha Hyer, movie actress, was greeted enthusiastically — by the sophomore boys — when she visited in the TeePee last week.

Miss Hyer paused here during her publicity tour for her latest picture "Desire in the Dust."

Dressed in a scoop-necked black dress with a pearl necklace, her hair swept up in a French roll, she autographed her pictures for the crowd of boys who pressed around her table.

When one boy asked—and got—a kiss with her picture, there was sudden stampede.

Big Pete Petrou, yelling, "Wait for me!" ran to Miss Hyer for her last kiss.

Tokalon Will Meet With Miss Keener

Tokalon Sorority will hold its first meeting Saturday, in the home of Miss Betty Keener, 2000 S. Wall.

According to Miss Keener, this meeting will be of an organizational nature. Urging all old members to attend, Miss Keener explained that officers will be elected.

Names of possible pledges will be presented. Plans for the invitational coke party will be discussed. The coke party, a traditional affair, will be held around the middle of October.

This is the first year Tokalon members have worn drops or pins to represent their organization. These drops, diamond in shape, have the letters TK engraved on them.

STUDENTS INTERVIEW STAR—Miss Leslie Turner and Robert Rhodes interview Miss Martha Hyer, movie actress, at a press conference when she visited Tyler for publicity purposes.

MONDAY THRU THURSDAY

TeePee To Open Nights

The TeePee will continue to stay open Monday through Thursday from 6 p.m. to 7:55 p.m. says President H. E. Jenkins.

"We are pleased to provide the students with a place to meet after supper and before study," he said.

Kenneth Evans and John Garner, math instructors, alternate as chaperons for week nights.

"As long as the TeePee can

be of genuine service to the student body by opening at night, the privilege will continue. If grades fall as a result, or if students don't conduct themselves properly, the TeePee will be closed, emphasized Dr. Jenkins.

Many dormitory students have taken advantage of the open center. The chief recreations are dancing and listening to music. The snack bar has not been open, but milk and soft drink machines are available.

Later, movies will be shown as part of the program, he said.

Apache Band Members Have New Uniforms

Apache Band members are stepping out in colorful new uniforms.

Solid black pants minus the traditional trim, gold shirts with a touch of bright red, black bow ties, and big off-white cowboy hats create a western appearance. As the weather grows colder, the band uniforms will include matching black jackets.

A change from last year's in some respects, the new uniforms are described by several of the 32 band members as "dashing and gay."

What They Say

Emphasis on "quality" will solve the problem of "inequality."

Freshman Test Results To Be Available Soon

As soon as grading and classification of freshman orientation tests have been completed, freshmen will learn the results of their individual tests.

Grading of all but the English and math tests is done by IBM at the University of Texas. English and math tests results have already been used in placing students in the proper English and math classes.

Results of the tests will be used for individual counseling.

After all scores are in, median and quartiles will be established in order to determine where each student ranks percentage-wise in the class, according to director of guidance, Mrs. Mary Wallace.

Students will then be grouped according to their major fields and counseled by faculty members of their chosen fields. For example, engineering and math

majors will be counseled by members of the math faculty.

Each freshman will be advised of the time he is expected to meet with his counselor. If for any reason he cannot keep the appointment, he must notify his counselor ahead of time so that another student can be called for that time.

Another appointment can be made for the student without reflection upon his interest in his college work.

When the individual student is called for counseling, he will be told his test scores, his weak and strong points on the study habits and attitude test, and how to improve his attitude toward college work.

Prior to being called, the student will also have filled out a personnel sheet which will give his counselor a better understanding of any problems he might wish to discuss. These and any other problems the student may have can be discussed during the conference.

Tests scores go on the permanent records and are required by most colleges and universities, Mrs. Wallace said.

Bible Chair Open To All Students

The Church of Christ Bible Chair offers its facilities any time during the day. James Fife, director of the chair, invites all students to "come on over" for study or relaxation.

Fife said the chair's plans include the setting up of an organization for those interested in Christian education.

Thirty-four students attended the first chair activity of the semester, an informal ice cream supper and general get-acquainted hour.

A film explaining the functions of the chair and a devotional led by Fife, Frank Jackson, student, and Van Alessandro, educational director of the West Erwin Church of Christ, were the final activities of the evening.

15 Boxes For Rent In Student Center

Only about 15 post office boxes are available for rent. Those students wishing to rent a post office box should contact Miss Gloria Gentry in the book store.

Rental boxes are available for 50 cents a semester to any student other than dormitory students. Dormitory students get boxes free upon request.

All dormitory roommates share boxes in order to help the supply meet the demand, Miss Gentry said.

Those who are unable to obtain a rental box this semester can apply now for next semester's availabilities.

lard, Larry Larison, Freddie Head, and Lewis (vice-president of the exes).

EXES IN THE NEWS

Curley Receives Honors

Miss Mildred Curley of Van was graduated this spring from Howard Payne College with highest scholastic honors. She had a 2.92 grade point average. The next highest grade was 2.87.

Majoring in business administration, Miss Curley received a bachelor of arts degree with minors in English and education.

At the college's annual Honors Day, Miss Curley was presented an award for being the outstanding business education major of the year.

Scott Jones takes his MD from the University of Texas Medical Branch in Galveston next March when he completes his medical training.

Jones is remembered for his extraordinary mastery of "Cherry Pink and Apple Blossom White" with the trumpet.

Band Director Eddie Fowler says "a lot of TJC's trumpet players were almost as fine as Scott Jones, but none ever compared with his ability to play high pitches."

New York — Miss Sandra Lou Rodgers of Lindale is among 46 young persons who will begin three years of missionary service overseas under the Methodist Board of Missions.

Miss Rodgers will go to Liberia to do educational work.

In preparation for her work overseas, she spent six weeks this summer in intensive training in the missionary vocation at Scarritt College, Nashville, Tenn.

Having received her associate of arts degree here in 1958, Miss Rodgers earned a BS degree in elementary education from Stephen F. Austin College in June.

Melrose Park, Ill. — Gene L. Kirby has been named district sales manager for Dayton Industrial Products Company, handling the company's line of V-belts and sheaves in the Dallas region.

Bothwell Discusses Radio News Reports

David Bothwell, assistant manager of KTBB, discussed news tips and reports recently with the journalism classes.

Newspaper and radio reporting are similar in that the five W's—who, what, when, where, and why—are essential to both, he said. But the written word and the spoken word must necessarily differ.

Bothwell described some of the news tips KTBB used and asked journalism students to send news tips to KTBB concerning accidents or stories of human interest.

The speed of radio and on-the-spot reporting of radio has eliminated newspaper scoops, he said.

Each media serves a purpose, he said, that purpose for the newspaper today is interpretation and scope.

Curriculum Expands; Has 4 New Courses

Four new courses have been added to the 73-course curriculum. They are Math 113F, Electronic Drafting 113, Swimming, and Speech 213A.

Math 113F has been added to help fulfill liberal art students degree requirement. Although designed for liberal art students, the course is a "good elective for anyone planning to teach," Dean E. M. Potter said in describing the course.

"Students taking the course will find that it approaches math from the standpoint of stressing the fundamentals of math rather than dealing with much problem solving."

John H. Garner, instructor for the new course, said that the stu-

dents taking the course will "gain a better appreciation for math."

The Electronic Division is expanding to include a new course in electronic drafting. Electronic Drafting 113, taught by Forest Griffin, is a beginning course which includes lettering, pictorial drawing, electronic symbols.

"This course is designed to upgrade our program and enable our graduates to go into their fields fully prepared. It helps students learn electronics much faster," Griffin said.

By special arrangement with the YMCA, swimming is now available under the physical education program.

The instructor is Johnny Griffin, who has worked with the Tyler Swim Team for some time. There is a beginners class for those who do not know anything about swimming and a class for those who would like to improve their swimming and diving.

Because of demand, Dean Potter said, Speech 213A, Introduction to the Theater, is now available to interested students. The course includes elementary consideration of plays and playwriting as well as a study of the techniques and styles of acting.

Paving Improves College Streets

Streets around the campus on the north, east, and west sides were paved during the summer with an asphalt topping according to city and county specifications.

Since TJC moved to its present location in 1948, Lake, Baxter, and Mahon streets had never been paved until the project was completed in mid-July, according to Richard Barrett, business manager. Repairs had been made almost annually, he said.

Through the city paving pro-

gram, the street improvements were supervised by the city and financed by the college because of its frontage on the three streets.

"Complete curb and guttering facilities around the college have been installed gradually over the past five or six years" said Barrett, "therefore improvements this summer pertained only to street surface repairs."

Folley Williams contracted the work after submitting the low bid.

It's what's up front that counts

WINSTON TASTES GOOD like a cigarette should!

From Sophomore To Freshman

To the unmasked question of 700 freshmen, "What does TJC have to offer me?" The answer depends on what the individual is looking for.

This is a college for freshmen and sophomores, so there are a few characteristics peculiar to a two-year (junior) college that may be good or bad—depending on the individual.

Social life, other than informal parties, is not emphasized here. There are no national social fraternities (Phi Theta Kappa is a scholastic fraternity). No big-name entertainers will make the campus. The director of student activities plans frequent dances and some formals. Local clubs and organizations afford leadership and membership for everyone. Friendliness is an Apache trademark.

On the positive side for sure:

Academically (and that's the purpose of coming to college) TJC is at the top. It is not only a member of an association to which all the top colleges and universities belong, the Southern Associations of Colleges and Universities, but its president is the president of that association. This is

the only junior college whose president has held that position (he has also been president of the Texas Association of Colleges). It is safe to reason that he will keep his college on top academically.

Financially? Tuition is about half as low as in most state colleges. There are such fringe benefits as free activity cards, free labs, free college newspaper, free parking on campus, free campus movies, free health services.

Added attractions to boost lagging loyalty are the extra strong athletic teams, a top band and pretty belles. Either the basketball or the football team wins a national championship almost yearly. The televised, photographed, filmed, and written about band and belles stay in the public eye constantly.

(TJC must have some disadvantages, but since I am prejudiced, I cannot think of any besides the need for a bigger library. I came back to TJC for my second year, even though I could have attended a four-year college only 35 miles from my home in Harlingen, 511 miles away. Leslie Turner).

Organizations Need Reporters

Each campus organization should elect a reporter to be responsible for keeping TJC Pow Wow informed of activities and plans.

The journalism staff, in turn, will see that news items get in the Pow Wow, and on radio, television, or in area newspapers if the organizations desire.

Atta Kula Kula and the Student Education Association have already set an example of good reporting. Both brought news tips and yearbooks to the staff during the first week of the semester.

Not many organizations can furnish a calendar or yearbook for student use. Adequate news coverage of their activities, therefore, must be provided by an alert reporter who keeps in contact with the journalism staff.

Parties, movies, featured speakers, pledge initiations, and officer elections are examples of materials for news stories. Anytime an organization meets, something

newsworthy usually results. A club reporter will have first-hand information regarding the business transacted at that meeting.

News material may be brought to the journalism lab, Room 118, at anytime except Tuesdays and Thursdays at 8:45 and 9:48 and their pickup hours.

Time does not permit journalism students to seek out stories from each organization. Like every other regular day student, they carry a full subject load which requires a proportionate amount of time. The lab is primarily a place of learning, not a publicity tool.

Its purpose is to teach professional news writing.

Unlike work in other labs, the product developed in the journalism lab is published for critical examination.

Errors will be made, just as in any other lab assignment. Correcting these mistakes is acquiring knowledge. Reader criticism is welcome. R.R.

FIND MORE STUDYING IS REQUIRED

Freshmen Express Views On College

By JIM DAVIDSON

Some freshmen are finding college just about what they expected, but most find they are spending more time studying than they had anticipated.

A. J. Tremont of Beaumont thinks "On a whole it is what I expected it to be. I

think you have to study a lot harder than in high school."

Agreeing in part with Tremont was Miss Mandi Webb of Houston who remarked, "It is a large majority of what I thought, except there are a few things I thought were going to be more like high school."

The TJC Pow Wow

The TJC Pow Wow, official newspaper of Tyler Junior College, is published every other Wednesday, except during holidays and examinations, by the journalism classes.

The views presented are those of the staff and do not necessarily reflect administrative policies of the college. Signed articles are the views of the writer, not necessarily of the Pow Wow staff.

Letters to the editor must be signed, though initials will be used at the writer's request.

Represented for National Advertising by National Advertising Service, Inc., College Publishers Representative, 420 Madison Avenue, New York, N. Y.—Chicago—Los Angeles—Boston—San Francisco.

Entered as second class mail at Post Office in Tyler, Texas, under Act of March 3, 1879.

LITTLE MAN ON CAMPUS

by Dick Bibler

"WOW! HOW'S TH' CHOW TODAY?"

Nine Scholarships Open To Freshmen, Sophomores

By ROBERT RHODES

Nine scholarships are waiting for YOU.

Individuals, church groups, and other organizations will again sponsor these nine scholarships to be awarded at the Honors Day Assembly in May.

You are carefully evaluated for these grants from several standpoints beginning the first day you enter TJC. Among these are character, scholastic achievement, major, leadership qualities, need, and participation in curricular and extra-curricular activities.

Dean E. M. Potter said freshmen are cautioned at convocation ceremonies about the importance of these qualities, but most freshmen and many sophomores do not realize they are potential winners of the scholastic grants, he pointed out.

Blemishes on your record will be counted against you when authorities consider recipients of the scholarships.

Four scholarships are available to sophomores, two to freshmen,

and three are not restricted by classification.

In addition, former Rep. F. G. Swanson will award a \$100 prize to the student who writes the winning essay concerning a subject in the field of government.

Scholarships are:

The Tyler Branch of the American Association of University Women presents a \$100 scholarship to a woman graduate to be used for tuition and fees at the senior college of her choice.

Composed of musicians and music enthusiasts, the Coterie Club has established a scholarship for a student who shows outstanding talent in music.

Members of the Opti-Mrs. Club of Tyler give two \$100 tuition scholarships for sophomore students. The chosen students must be residents of the TJC district.

The \$100 Mary Wallace Education Scholarship is awarded to a second-year student preparing for the teaching profession. The recipient must maintain a B average for two semesters work.

Alpha Delta Kappa, a teacher's honorary sorority in Tyler, also presents a \$100 scholarship to a young woman planning to teach. She must be of good character, have a creditable scholastic record, and need assistance.

A second-year student, man or woman, will receive the \$150 Laura Greer Scholarship. The sophomore must rate high in scholastic achievement and show a sustained interest in good government.

The Mary Tyler Chapter of the Daughters of the American Revolution give a \$100 scholarship to outstanding student planning to major in history.

Freshmen majoring in history, government, or economics are eligible for the \$150 grant from the Smith County Bar Association.

The Century Class of ladies of Marvin Methodist Church awards a \$100 scholarship to a young woman majoring in one of the professional fields.

Reynolds To Appear In Illinois Recital

Robert Reynolds, instructor of piano at the Texas Eastern School of Music and piano soloist, will appear in a joint recital Thursday at Rockford College, Rockford, Ill., with Miss Margherita Robert of the La Scala opera in Milan, Italy. Miss Robert is here in America to open The Chicago Lyric Opera in October.

ETex Symphony Opens Tuesday

By JIMMY YANCY

The season of fine music begins next Tuesday when the East Texas Symphony Orchestra opens in Wise Auditorium.

The first concert, to begin at 8:15 p.m. under the direction of Conductor Joseph Kirshbaum, will feature some of the most moving and tremendous works of the symphonic repertoire.

The orchestra will open the program with a rarely heard work—"Tocatta" by Frescobaldi, a brilliant masterpiece made even more arresting and appealing by means of the exciting Kirdler orchestral arrangement which the orchestra will use.

The deeply tragic and inspiring "Symphony No. 40 in G. Minor" by Mozart will conclude the first half of the concert. This mighty work, one of the nine or ten most important symphonies of all time, is rich in melodious and harmonic content.

The program will come to a blazing finale with a performance of the Tschaikevsky "Piano Concerto No. 1 in B Flat Minor." TJC pianist Robert Reynolds, will be soloist in this famous concerto that catapulted Van Cliburn to fame. Its majestic opening theme is familiar to millions.

College students can buy tickets to the season's four concerts for \$4, faculty for \$7.

Letters

To the Student Body:

Officers of the Student Body extend you a cordial welcome to TJC! From the beginning we are asking your cooperation in promoting a lively school spirit so that 1960-61 will be a most enjoyable and profitable year for each of you.

I urge all students to join some club in the field of their interest. Club activities furnish opportunities for becoming better acquainted with your classmates and increase your understanding of college life.

The Student Council expects to be active in promoting many worthwhile activities. This, we believe, is essential in developing a better spirit of loyalty and pride in TJC.

Plans are underway to make our pep rallies more colorful, more spirited, and more entertaining. The Apache Band and Belles have pledged their cooperation to give examples of their halftime shows.

We earnestly solicit the same interest and cooperation from the student body.

Cliff Caskey
Student Body President

Mr. And Miss Howdy To Be Elected Friday

Polls will be set up in the main hall Friday, before and after the pep rally, for the election of Mr. and Miss Howdy, girl and boy voted friendliest during Howdy Week.

Atta Kula Kula is sponsoring Howdy Week events. Announcement of Mr. and Miss Howdy will be made by AKK.

AKK, the only organization on campus to which every girl belongs, held their first meeting in the auditorium yesterday.

The Reverend Walter Kerr, pastor of Marvin Methodist Church, was the principal speaker. Miss Zelma Mings welcomed the girls preceding the address. Recognized at the Assembly were Miss Elizabeth Bryarly, AKK sponsor, Miss Louann James, vice-president, and Miss Betty Keener, who typed the yearbook. Miss Bryarly complimented the officers highly for their initiative in having the yearbooks completed before the school year began.

Howdy tags are being passed out today to everyone who forgot to wear their name tags today.

According to the yearbook, the activities are planned for:

Sept. 26-30—Howdy Week.
Nov. 29—Personality Plus — speaker, Edward Fowler.

Drama Club Screens 84 Probable Pledges

Eighty-four probable pledges for Las Mascaras have been screened from the freshman class. Sophomore members made arrangements for pledging new members at the organizational meeting Tuesday. They passed out forms concerning Las Mascaras to interested freshmen during freshman assembly.

(See DRAMA CLUB, Page 8)

Drama Class, Las Mascaras Act In World's Oldest Drama

The drama class and Las Mascaras members took part in the world famous Oberammergau Passion Play presented in the Tyler Civic Auditorium in a three-day run.

Students taking part in the play acted as Roman guards, Apostles, and followers of Christ.

Dr. Jeane Browne, head of speech-drama, said she felt "it would be beneficial for students to take part in an actual drama of great professional magnitude."

According to Dr. Browne, the passion play is the oldest living drama, originating in 1634 in Bavaria.

Students of drama did not have classes or lab last week but were

required to participate in rehearsals and performances of the passion play. They were not permitted to cut other classes.

Participating in rehearsals and plays were:

Larry Cox, Tom Graham, Frank Jackson, Bob Lewelling, Beth Cox, Diane Vaughn, Nancy Schuring, Billy Adams, Sue Betts, David Coffman, Larry Coleman, Carol Cox, Nancy Davis, Joyce Dover, Mike Danbom, Dell Ellison, Thomas Graham.

Also, Francis Hill, Bill Lumley, Phillip Moore, Jo Northcutt, Steve Ramsey, Janelle Ritchie, Robert Tucker, Alan Wood, and James Wright.

Movies Begin In December

The campus movie schedule begins in December. All movies will be free to students presenting activity cards.

The schedule is arranged late, Dean E. M. Potter said, so as not to conflict with the numerous other activities.

Movies will be shown in the Tee Pee. All movies will be on cinemascope screen and will be cinemascope productions, Dean Potter said.

Movies to be shown are:

Thursday, Dec. 1—"Teahouse of the August Moon."

Thursday, Jan. 5—"Don't Go Near the Water."

Thursday, Feb. 2—"Sayonara."

Thursday, March 2—"Good Morning, Miss Dove."

Thursday, April 13—"The Man Who Never Was."

Thursday, May 11—"The Reluctant Debutante."

Las Mascaras Schedules 'Carol' Presentation

"Christmas Carol" is scheduled for presentation again this year, according to Dave Coffman, president of Las Mascaras.

Coffman said that the response to the play was so good last year that the cast felt it worth repeating.

Filters for flavor

—finest flavor by far!

Tareyton has the taste—
Dual Filter
does it!

HERE'S HOW THE DUAL FILTER DOES IT:

1. It combines a unique inner filter of ACTIVATED CHARCOAL... definitely proved to make the taste of a cigarette mild and smooth...
2. with a pure white outer filter. Together they select and balance the flavor elements in the smoke. Tareyton's flavor-balance gives you the best taste of the best tobaccos.

Apaches Have Perfect Record

By JIM DAVIDSON

The fighting Apaches under the guidance of Coaches Floyd Wagstaff and James Hallmark wound up their first four ball games with a perfect record.

The Apaches now hold undisputed first place in the Texas Eastern Conference with wins over the Henderson County Junior College Cardinals and the Texarkana Junior College Bulldogs. The other two victories came over the Victoria Pirates and the Northeastern Oklahoma Golden Norsemen.

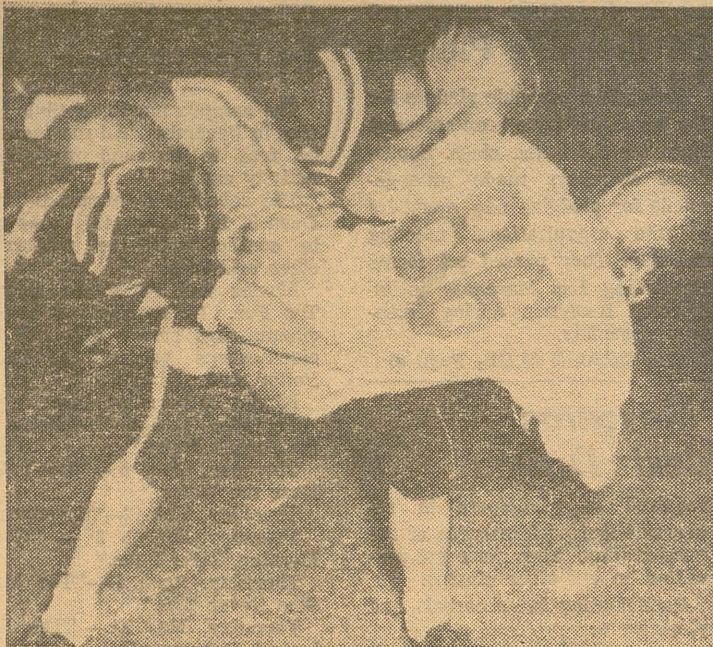

The Apaches opened the season with a 36-12 win over Henderson County. Halfbacks Henry Boxley and Donnie Wallace amazed the crowd with their breakaway running and tremendous speed.

Boxley and Wallace again ran wild the next weekend at Victoria. These two along with quarterback Jimmy Lyons led the Apaches to a 32-20 win over the Pirates.

Wallace cracked a bone in his ankle in the Victoria game and will be out for at least six weeks.

The following Thursday night with only four days rest, the Apaches met the Northeastern Oklahoma Golden Norsemen and walked off with a 48-7 victory. The Norsemen are the current National Junior College champs.

Two days later, last Saturday night, the Apaches trounced the Texarkana Bulldogs 16-0. Lyons accounted for both Apache touchdowns, one on a quarterback sneak from the one yard line.

A COUPLE of backs, Kenneth Jones and Frank Brewer team up to stop a Norseman from Miami, Okla. The Norsemen were rated No. 1 in the nation at the first of the season. Final score of the game was Norsemen 7, Apaches 48.

Eight Games Remain On Football Schedule

A look at the eight remaining games foretells a rough road ahead for the Apaches. Six are conference games. These include one with Texarkana, one with

Henderson County, two with Kilgore, and two with Paris. The first Paris game will be this Saturday, at Rose Stadium.

The Apaches also face two non-conference games with Navarro College and with Ranger Junior College.

The Blue and White Bulldogs of Texarkana are jammed with experience, speed, and material from the tri-state area. Texarkana, who compiled an 8-3 record last year, are picked by the coaches to finish topside in the Texas Eastern College Conference scramble.

Henderson County's Cardinals, defeated by the Apaches 36-12 in the season opener, are picked to finish third in the conference standings. Coach Tommy Stergleder's Cardinals are trying to better their 8-3-1 record of last year. The big threat is Joe Bob Johnson, All-American fullback.

The Kilgore Rangers, under a new coach, Cotton Bolton, are predicted to finish fourth. Kilgore who finished 7-2-1 last year, has nine returning lettermen.

The Apaches will be seeking revenge when the Ranger Junior College Rangers come to Tyler October 5. The Rangers squeezed past the Apaches 26-23 in a last minute come-from-behind victory last year.

The Navarro Bulldogs should prove tough foes in the final non-conference tilt. The Bulldog forward wall averages 200-plus. Kilgore edged the Bulldogs out 8-0 in their first game. Coach Lee Smith uses his two powerful halfbacks, Herb Mann and George Anderson effectively in running plays from the "T" formation.

TWO UNDEFEATED TEAMS

Apaches Will Host Dragons Saturday

Two perfect records go on the line Saturday night as the undefeated Paris Dragons invade Tyler to do battle with the Apaches who are also undefeated.

Game time is 7:30 p.m. in Rose Stadium.

The Apaches have defeated the Henderson County Cardinals 36-12, the Northeastern Oklahoma Norsemen 48-7, the Victoria Pirates 32-20, and the Texarkana Bulldogs 16-0.

The Dragons of Coach Boyd Converse have yet to be scored on this season. They defeated Henderson County 5-0 and Northeastern Oklahoma 8-0.

Both teams will go into Saturday night's game with a fine defensive record. The Apaches have limited their opponents to 39 points and have scored 122 themselves in four games. The Dragons have scored 13 points and

have held their opponents scoreless.

It was the Dragons that ruined the Apaches perfect record last year by defeating them 19-0 at Paris.

This is the third Texas Eastern Conference game for the Apaches and the second for Paris. The Apaches currently lead the conference with a 2-0 record. Paris is second with a 1-0 record.

Henry Boxley and Carlee Manchester have been the big men in the running attack of the Apaches. Boxley is the leading ground gainer for the Apaches.

Jimmy Lyons, the sophomore quarterback from Spring Branch, will lead the Apaches against the Dragons. He is the starting quarterback and the leading passer on the team.

Up front in the line, Coach Floyd Wagstaff will send such boys as Guards Richard Farris and Tommy Brown, Tackles Joe Turney and Bobby Price, ends Gene Staples, and Alton Standley, and center Mack Cope.

Others who will probably see action are Wayne Bean, A. J. Tremont, Tim Falgout, Kenneth Jones, Frank Brewer and Butch Wright, in the backfield.

In the line are also some big boys such as Connie Seals, Jimmy Lowe, the Pritchard twins Wally and Whitley, and Frank Jackson.

Wallace To Be Out At Least 6 Weeks

Starting halfback Donnie Wallace, injured in the game with Victoria, will be out of action for at least six weeks.

Wallace chipped a bone in his ankle after he had already crossed the goal line for a touchdown.

He may be back in time for the homecoming game against Texarkana.

Until he was injured, Wallace was the second leading ground gainer for the Apaches. He was running second to Henry Boxley.

It was sad...

when that great ship went down and the last thing to leave the sinking ship was a bottle of Coca-Cola. That's because all hands stuck to Coke to the end. Now there's popularity! That's the kind of loyalty the sparkling lift, the good taste of Coke engenders. Man the lifeboats, have a Coke!

PE Curriculum Has Swimming, Bowling

Swimming and bowling are being offered in physical education this year for men and women. Both are taught off campus.

Swimming, a new course, schedules classes for girls on Tuesday and Thursday and for boys on Monday and Wednesday. Johnny Griffith, physical director of the YMCA, instructs both beginner and advanced classes. Beginners meet at 8 a.m. and advanced classes at 8:54 a.m.

Griffith said he will teach nine basic strokes including the breast, crawl, back, and side strokes to

beginners. Life saving is offered for the advanced class.

The course is \$15 a semester with transportation to and from the YMCA provided for those who need it. No suits or towels are provided, but hair dyes for the girls are furnished.

A class in bowling is offered again this year at Rose Bowl Lanes. O. R. Cooper, owner and manager of the lanes, Bill Williams, general manager, Mrs. Frances Cooper, Kaye Spiva, and Charles McRay are instructors. Four classes of boys are open to classes meeting each Tuesday and Thursday. Two classes for girls meet Monday and Wednesday.

There are advanced and beginner classes. Mrs. Cooper said that besides learning to bowl, "bowling etiquette, and score keeping will be taught."

Fair To End Saturday With Red Foley Show

Four days remain for area residents to attend the East Texas Fair.

Red Foley and many of the cast of his Jubilee USA television show will be on hand at the Mayfair Auditorium Saturday night for concluding entertainment.

A downtown parade led by the Apache Band and Belles Saturday kicked off the Fair's week-long activities.

According to Bob Murdoch, Fair manager, this year's fair "far exceeds those of previous years in entertainment, livestock events, and exhibitions." Murdoch said approximately 50,000 people are expected to attend the Fair before it ends.

Fair publicity was handled this year by Miss Ann Music, spring journalism graduate of TJC. She is attending the University of Texas.

An outstanding highlight this year, according to Murdoch, is the performance of different tribal dances by Aztec Indians from Mexico and a group of Oklahoma Kiowa Indians. Since they do not speak English, they were booked through an interpreter.

Another new attraction is a novelty hand balancing act by Vernon and Bumpy. These artists have the distinction of being the only novelty act to perform 13 times on the Ed Sullivan Show.

Donnell To Head Apache Guards

Calvin Donnell was elected president of the Apache Guard Association for the fall semester. Donnell, a sophomore, is from Dallas. He was a member of the Apache Guard last year and was in charge of the Victory Bell.

Other officers elected were Wayne Herren, vice-president; Kerry Weeks, secretary and treasurer; Jim Davidson, reporter and student council representative; and Ronnie Germany, parliamentarian and sergeant-at-arms.

The Apache Guard is in charge of the victory bell at all home football games and some out of town games. All members are pledged to promote school spirit.

The next meeting of the Apache Guard will be at activity period next Wednesday, room 105.

All freshmen boys wishing to become members of the Guard are requested to be present.

Wagstaff Commends Hallmark Team

In an address to the Tyler Rotary Club, Coach Floyd Wagstaff commended both his assistant coach, Babe Hallmark, and his football players.

Wagstaff also told the Rotarians that TJC could have a good football team only with the support of the town and its citizens.

Babe Hallmark sat at the speaker's table with Wagstaff. Pointing out Hallmark as "football coach's inspiration," Wagstaff said that he had coached him in junior high school at Kilgore. Wagstaff said he followed Hallmark's career as a football player from junior high through college.

"In the years that I have known Babe," said Wagstaff, "we have never had a cross word." Wagstaff said he brought Hallmark to Tyler Junior College because he knew that "Babe would be an asset to our staff."

The head coach complimented his boys on their good behavior. "After traveling home from the Victoria game until early Sunday morning, 15 of our players still made it to church that day."

Preparation Underway For Intramural Football

"Preparation for intramural football is underway and games are expected to be in full swing within the next week," said James Barnes, faculty sponsor.

Student Council vice-president, Bobby Brizzell, will also help with the program.

Navy Test Available For Male Students

Male students between the ages of 18 and 25 interested in taking the Navy's aviation qualification test next semester may write Lieutenant Commander Roy W. Smith, Jr., at the Naval Air Station in Dallas.

Smith, head of the Naval Aviation Information Team, said he administered only two exams on the campus during the first week of school, but that several others indicated interest in taking the test when he returns in January or February.

The three-hour general aptitude test determines whether the applicant is qualified for the Navy's flight training program.

"We encourage a man to get as much education as possible before coming into flight school. He must acquire at least two years of college education before entering this program," said Smith.

The tests will be given throughout the United States this school year to college men interested in Naval aviation.

Any boy may participate in the games, with the exception of athletes.

Names should have been turned in to either Barnes or Brizzell by noon last Friday. Also, on that date they met to discuss the program and set up a schedule for participating teams.

As in the past the game has been flag football. Flag football is played in the same manner as regulation football with the exception of players having strips of cloth placed at the side of the hips. Instead of opposing players tackling the ball carrier they grab the strip of cloth at his side and throw it to the ground.

Approximately 11 players make up each team, with only 8 players on the field playing at any time. The 8 men from each team playing on the field will include 2 ends, 2 guards, a center, 2 backs, and a quarterback.

Ideal Bread, KGKB Airing Apache Games

Ray Vanderpool, manager of the Ideal Bread Company in Tyler, announced last week that his company will sponsor the broadcasting of all the TJC football games this year for the benefit of those who may not be able to attend the games personally.

Vanderpool said that all games scheduled this year for TJC will be broadcast over Station KGKB.

College Today... A Fashion Center

Throughout the nation young men are returning to the college campus.

College season reminds us of many pleasurable things... the colorful football games, the dances—each has a magic all its own—and the hard work, so eventually rewarding.

No matter what the young man today is doing, he wants to stay in fashion. He wants to look and feel as one of the crowd, while at the same time showing individuality in style and good taste.

Ivy League is the most popular style on the college campus today, and Mark's Men's Shop, Tyler's newest mens' store, is a center of Ivy League and other college fashions in the East Texas area.

Before opening in Tyler, Mark's spent three years as a campus store; therefore, they at Mark's know what the college fashions are, and the inevitable changes that occur in these fashions.

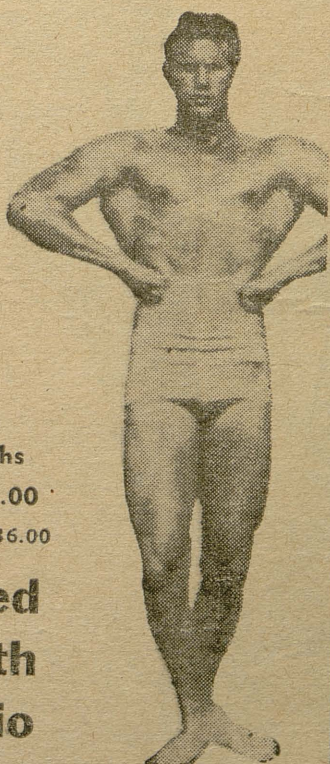

Before you buy your college wardrobe, be sure to check at Mark's, 115 W. Ferguson, on the square, for best selection in all types of popular college clothing—from socks to suits.

SEA Members To Meet 5 Freshman Candidates

Five candidates for two first vice-presidents of the Student Education Association will be introduced tomorrow at an SEA organizational meeting.

All candidates are freshmen. They are Jerry Byers, Tyler; Miss Glenda Pike, Bullard; Miss Donna Taylor, Troup; Miss Virginia Romberg, Troup; and Miss Nelda Clanton, Tyler.

SEA members will vote on the five at a following meeting or at a special call meeting, according to faculty sponsor, Mrs. Eva Saunders. Meetings will be held in the lecture hall, Room 115.

The two freshmen elected will automatically be candidates for president of SEA next year. The presidential election will be held in the spring.

Frank Jackson is current president of SEA. Other officers are Paul Browning, vice-president in charge of publicity; Miss Zelma Mings, vice-president in charge of membership; Miss Louann James and Miss Betty Keener, vice-presidents of social activities.

Miss Sue Miller and Miss Janette Everett, vice-presidents of finance; Miss Olga Moreland, programs vice-president; Miss Mary Alice Dykes, secretary; and Miss Jean Hobbs, treasurer.

The fall semester's program has been completed, Jackson said. All meetings are held in Room 115. The program announced by Mrs. Saunders, Miss Mings, and Miss James is:

Oct. 20—Miss Lois Perryman, co-ordinator of elementary instruction, will give an over-all picture of elementary teaching.

Nov. 10—Program on problems concerning the teaching of 7th grade arithmetic. Miss Opal Kirkham has been invited to give this demonstration.

Dec. 8—Program on problems and contributions of the handi-

capped program in the Tyler system.

Dec. 11—Christmas party. The spring program as yet no definite dates. There will be a talk by a basketball coach, a movie concerning the exchange-teachers program, a speech by a foreign exchange student, and reports from the state convention in Fort Worth to which delegates are sent each year.

Projects this year are the student directory and the sponsorship of the all-college picnic in the spring.

According to Mrs. Saunders, National Education Week in November is usually observed with some special programs.

Choir Is Largest In College History

"The 'Singing Apaches,' composed of 59 members, is TJC's largest," says John Hunter, director of voice.

Hunter's Singing Apaches is composed mostly of freshman. Many of the choir members are taking private voice lessons, which will give added strength to the group, Hunter said.

After the first two rehearsals, Hunter, predicted the Singing Apaches this year may be the best since he began his work with the choir in 1959.

This group will perform for the first time this season at the Rose Festival Vesper Service, Oct. 16. Several performances will be scheduled for the Singing Apaches later, Hunter said.

Barbee Becomes Major Stockholder

Wallace Barbee, former president of the Tyler Junior College student body, recently became a major stockholder of Radio Station KGKB.

Tomlin, Jones Are New Freshmen Cheerleaders

Two freshmen cheerleaders, Kenny Tomlin and William Jones were elected Friday to complete the cheerleader team. They join sophomore cheerleaders Barbara Welch, Linda Cox, Gail Clark, and Dave Gilbreth.

Tomlin, new at cheerleading, was an A Cappella Choir member and a Blue Guard for two years at John Tyler High School. Although new at entertaining crowds, Tomlin's experience with individuals won him the title of biggest flirt in the senior class.

Jones, also new at cheerleading, was active in the student council and on the yearbook and paper staffs in Lindale High School.

Both Tomlin and Jones plans to take degrees from the University of Texas. Tomlin is a pre-dental major and Jones is pre-law.

(Continued From Page 5)
New members of Las Mascaras were pledged Monday in the Tee-Pee.

PHI THETA KAPPA

Bridges Named President

Bill Bridges of Tyler was elected president of Phi Theta Kappa at the first meeting of the honorary scholastic Fraternity. Miss Lena Exum, English instructor, was appointed the new faculty sponsor.

Other officers elected were Robert Peters of Tyler, vice-president; Miss Myra Balfour of Lindale, secretary; and Miss Hildgard Lindsey of Tyler, treasurer.

Phi Theta Kappa members decided by vote to hold their meetings on the first Tuesday of each month. At the next meeting, Tuesday, Miss Exum said the fraternity would make "tentative plans for the programs and social activities of the year."

Phi Theta Kappa members are selected by the society and members of the faculty each semester. This selection is based on scholarship, citizenship, and leadership. A grade of 2.5 is required for membership.

Phi Theta Kappa is the only na-

tional honor society for junior colleges. Its aim is "to be as much like Phi Beta Kappa as possible," Miss Exum said.

700 Freshmen Meet In Psychology Class

Approximately seven hundred freshmen met in Wise Auditorium Thursday for the first time as a group in Psychology III.

President Harry E. Jenkins welcomed the freshmen.

Rules of conduct such as cutting classes, smoking in class, and parking cars were discussed by Dean Potter. The rules were further stated in the "How Book" which was passed out to each student.

Mrs. Mary Wallace, director of counseling and instructor of psychology III, was in charge of the meeting.

John Hunter, choir director, led the group in the fight song and the alma mater.
